CPSC 380 Operating Systems	Mon Wed 5:30PM to 6:45PM	Keck Center 156
CPSC 408 Database Management	Tue Thu 7:00PM to 8:15PM	Keck Center 153
MATH 250 Discrete Mathematics I	Tue Thu 8:30PM to 9:45PM	Keck Center 156

Two columns

L1 The left column

L2 carries the first

L3 half of the

L4 argument, sentence after

L5 sentence, so a

L6 reader moving down

L7 the page meets

L8 each idea in

L9 order before the

L10 right column begins.

L11 The left column

L12 carries the first

R1 The right column

R2 continues the argument

R3 where the left

R4 one stopped, and

R5 a reader who

R6 crosses the gutter

R7 mid-line would splice

R8 two unrelated sentences

R9 together.

R10 column continues the

R11 argument where the

R12 left one stopped,
